Certificate Course Report: Linux System Administration

The Linux System Administration certificate course was conducted by the Department of Computer Science at MES Ponnani College during the academic year 2022-2023. The course aimed to provide practical knowledge and skills in Linux system administration. Mrs. Saleema K, Assistant Professor, successfully coordinated and instructed the course for three batches, totaling 140 students.

The course covered the fundamentals of Linux operating systems, command-line tools, user and group management, file permissions, security, software installation, system configuration, networking, system monitoring, troubleshooting, and performance optimization.

Mrs. Saleema K delivered the classes in an interactive and engaging manner, using lectures, demonstrations, and hands-on exercises. Students found the course to be highly beneficial and appreciated Mrs. Saleema K's expertise and willingness to provide additional guidance. The exams were fair and comprehensive, allowing students to demonstrate their proficiency in Linux system administration.

The students' feedback regarding the course was positive, highlighting the practical skills they acquired and their improved understanding of Linux system administration. The course will undoubtedly benefit students in their future careers.

Certificate Courses UG

Regulations, Eligibility, Scheme and Syllabus 2022-2023

I Objective

1. Practical training to students in institutions.
2. Promoting skill development among students by the assistance of teaching faculty.
3. Entrepreneurship development

II Courses Offered

1. Linux OS System Administrator

III Eligibility criteria

Those students who passed Plus Two Science / Commerce, as Computer Sciences/ Mathematics as one of the core courses are eligible for admission to this course.

II The scheme of examination

The course has duration of 30 hours with both theory and practical components. The evaluation scheme for each course shall contain two parts (a) Internal evaluation and (b) external evaluation by conducting examination at the end of the course. The final score = 30% Internal + 70% final certification exam score.

Internal evaluation: The internal evaluation shall be based on tests, assignments, seminars and attendance. The score percentage assigned to various components for internal evaluation is as follows.

	Component	Score percentage
1	Assignment/Seminar/Viva	5%
2	Attendance	5%
3	Test paper	20%

PRINCIPAL
M.E.S. PONNANI COLLEGE
P.O. PONNANI SOUTH

External evaluation:

The external Examination in courses is to be conducted with question papers set by external experts. The evaluation of the answer scripts shall be done by examiners based on a well-defined scheme of valuation.

Letter grade	Performance	Score Percentae
A	Excellent	90 Above
B	Very good	80 Above
C	Good	60 Above
D	Average	50 Above
E	poor	Below 40

The course is evaluated by assigning a letter grade (A, B, C, D or E) to that course calculating the score percentage. An aggregate of C-grade (when external and internal put together) is required in the course for a pass.

CERTIFICATE COURSE ON LIFE SKILL DEVELOPMENT

Offered by

Department of English, MES Ponnani College, Ponnani

2022

OVERVIEW

Life skills are those competencies that provide the means for an individual to be resourceful and positive while taking on life's vicissitudes. Development of one's personality by being aware of the self, connecting with others, reflecting on the abstract and the concrete, leading and generating change, and staying rooted in time-tested values and principles is being aimed at. This course intends to help learners overcome their inhibitions in using the English language, to identify their strengths and develop abilities and aptitudes that are essential for successful social interaction and employability. Learners are also encouraged to think creatively and critically on contemporary issues and develop a high level of civic sense and values. This course is designed to enhance the employability and maximize the potential of the students by introducing them to the principles that underlay personal and professional success, and help them acquire the skills needed to apply these principles in their lives and careers.

OBJECTIVES OF THE COURSE:

- Develop understanding into the fundamentals of life skills.
- Experience self-awareness and develops ways to face demands and challenges of life.

The external examination will be conducted by external experts. The external exams also include a practical session so as to test the students speaking and presentation skills. The evaluation of the answer scripts shall be done by examiners based on a well-defined scheme of valuation.

Direct grading system

Direct Grading System based on a 5 - point scale is used to evaluate the performance (External and Internal Examination of students)

Letter grade	Performance	Grade point	Grade range
A	Excellent	4	3.50 to 4
B	Very good	3	2.50 to 3.49
C	Good	2	1.50 to 2.49
D	Average	1	0.50 to 1.49

The course is evaluated by assigning a letter grade (A, B, C, D or E) to that course by the method of direct grading. The internal (20 marks) and external (80 marks) components of the course are separately graded and then combined to get the grade of the course after taking into account their marks. An aggregate of C-grade (when external and internal put together) is required in the course for a pass.

Summary report

2022-2023

Report on the Certificate Course in Life Skills Conducted by the Department of English, MES Ponnani College

The Department of English at MES Ponnani College organised a comprehensive Certificate Course in Life Skills development and English with the objective of equipping students with essential competencies for personal, social, and professional success. The course targeted 169 students from the first, second, and third-year classes of BA English. Spanning from January 5 to March 5, the program aimed to enhance the students' employability, foster self-awareness, and cultivate a range of life skills crucial for navigating the challenges of life. The course was conducted under the guidance of Mr Amal Lal, Assistant Professor on Contract, MES Ponnani College, who had been selected as the coordinator for the certificate course programme. The course spanned a total of 30 days, with a combination of both online and offline modes. This hybrid approach allowed students the convenience of remote learning while also providing valuable in-person interactions. The online component of the course utilized digital platforms to deliver lectures, conduct discussions, and facilitate interactive sessions. This approach allowed students to engage with course materials remotely, promoting flexibility in their learning schedules. Online assessments and collaborative activities were also integrated to encourage active participation. Recognizing the value of face-to-face interactions, offline sessions were organized to complement the online curriculum. These sessions provided a platform for students to engage in practical activities, group discussions, and interpersonal skill-building exercises. The offline mode also facilitated a direct connection between students and faculty, fostering a supportive learning environment. Remarkably, the success of the course was not only attributed to its content but also to the dedicated involvement of the teaching staff. All teachers in the Department of English volunteered as faculty for the course, bringing their expertise and passion for education to the forefront. Their commitment ensured that students received comprehensive guidance and support throughout the duration of the program.

The course achieved its objectives by providing students with a holistic understanding of life skills. Participants reported increased self-awareness, improved communication abilities, and enhanced problem-solving skills. The emphasis on professional skills, ethics, and values prepared students for the challenges of the job market. The program's comprehensive approach,

spanning personal, interpersonal, professional, public relations, ethics, and values, ensures that participants are well-equipped to face the demands and challenges of life. The college is committed to continuing such initiatives to maximize the potential of its students and contribute to their overall growth and success.

III Eligibility criteria

Those students who passed Plus Two Science / Commerce, as one of the core courses are eligible for admission to this course.

II The scheme of examination

The course has duration of 30 hours with both theory and practical components. The evaluation scheme for each course shall contain two parts (a) Internal evaluation and (b) external evaluation by conducting examination at the end of the course. The final score = 30% Internal + 70% final certification exam score.

Internal evaluation: The internal evaluation shall be based on tests, assignments, seminars and attendance. The score percentage assigned to various components for internal evaluation is as follows.

	Component	Score percentage
1	Assignment/Seminar/Viva	5%
2	Attendance	5%
3	Test paper	20%

Dr. BUSHARA.M.V
Assistant Professor and Head
P.G. Department of Economics
MES Ponnani College
Ponnani, Pin: 679560

External evaluation:

The external Examination in courses is to be conducted with question papers set by external experts. The evaluation of the answer scripts shall be done by examiners based on a well-defined scheme of valuation.

Letter grade	Performance	Score Percentae
A	Excellent	90 Above
B	Very good	80 Above
C	Good	60 Above
D	Average	50 Above
E	poor	Below 40

The course is evaluated by assigning a letter grade (A, B, C, D or E) to that course calculating the score percentage. An aggregate of C-grade (when external and internal put together) is required in the course for a pass.

Design the Web

Summary Report

The Department of Data science had conducted certificate course *Design the Web* in the Academic year 2022-23. The course had been offered for U G students. Rithya k (Assistant Professor ,Data Science and analytics) is Co-ordinator of the programme.The course has duration of 30 hours with both theory and Lab work .

Total 31 students has been enrolled and all the students are successfully completed the programme. Certificates are issued to the students who were successfully completed the course. The certificate course in "Design the Web" help to To develop the skill & knowledge of Web page design. Students will understand the knowhow and can function either as an entrepreneur or can take up jobs in the multimedia and Web site development studio and other information technology sectors

The course the following objectives Define the principle of Web page design , Define the basics in web design , Visualize the basic concept of HTML. , Recognize the elements of HTML. Develop the concept of web publishing.

Certificate Courses UG
Regulations, Eligibility, Scheme and Syllabus 2022-2023

I. Objective

It provides a knowledge of chemical processes and interactions of all biological and non-biological components of food

II. Courses Offered

Fundamentals of Food Chemistry

III. Eligibility criteria

Those students who passed Plus Two Science / Commerce/ Humanities are eligible for admission to this course.

II The scheme of examination

The course has duration of 30 hours in online mode. The evaluation scheme shall contain two parts (a) Internal evaluation and (b) external evaluation by conducting examination at the end of the course. The final score = 30% Internal + 70% final certification exam score.

Internal evaluation: The internal evaluation shall be based on tests, assignments, seminars and attendance. The score percentage assigned to various components for internal evaluation is as follows.

	Component	Score percentage
1	Assignment/Seminar/Viva	5%
2	Attendance	5%
3	Test paper	20%

External evaluation:

The external Examination in courses is to be conducted with question papers set by external experts. The evaluation of the answer scripts shall be done by examiners based on a well-defined scheme of evaluation.

Letter grade	Performance	Score Percentae
A	Excellent	90 Above
B	Very good	80 Above
C	Good	60 Above
D	Average	50 Above
E	Poor	Below 40

The course is evaluated by assigning a letter grade (A, B, C, D or E) to that course calculating the score percentage. An aggregate of C-grade (when external and internal put together) is required in the course for a pass.

Aim	
1.	Students will get an exposure on the importance of physico chemical properties in food products and knowledge on minor constituents and their relevance
Objectives - The student will be able to	
1.	Understand the structure and functional properties of food nutrients
Content (Name of Topic)	
Unit I	Intentional and unintentional food additives, their toxicology and safety evaluation; Naturally occurring food additives; Food colors and dyes; Regulatory aspects of dyes, food color (natural and artificial), pigments and their importance and utilization as food colour; Processing of natural and artificial food colorants
Unit II	Carbohydrates - Classification, properties and reactions of 1) Monosaccharides: Glucose & Fructose 2) Oligosaccharides: Maltose, lactose, Sucrose- properties- crystallization and inversion. 3) Polysaccharides: starch : components of starch, gelatinization, retrogradation, modified starch, Cellulose, hemicellulose, pectic substances, gums, dietary fibre
Unit III	Proteins -Introduction to food protein, structure of protein, classification of proteins, amino acids, physicochemical properties, denaturation, reactions, protein determination, Qualitative analysis of protein, Protein estimation-Kjeldahl's method
Unit IV	Water -Introduction, physical & chemical properties of water, moisture in foods, methods of moisture determination, hydrogen bonding, Free & bound water Pigments -Properties and Occurrence: Chlorophyll, Carotenoids, Flavanoids, Anthocyanins, Anthoxanthins, Myoglobin

Report

The short-term certificate course on "**Materials Analysis techniques** " is also conducted during the year 2022-2023 as a continuation of the previous certificate course. This course is important as far as the research and project works of master students and UG students are concerned. This course will make them competitive to use the analysis of experimental data obtained from various studies such as XRD, XPS and calculations using excel. Faculties of the physics department conducted theoretical and laboratory sessions for this.

Course period: 30 hrs

2022-2023

Module I (10 hrs)

Introduction to analytical tools, importing and exporting data, plotting 2D and 3D plots by using origin lab, curve fitting and extraction of results origin lab, signal processing and peak fitting, peak analyzing and extraction of results.

Module II (10 hrs)

X-ray diffraction: analyzing the spectrum, finding the peaks and assigning the reflections, Debye Scherrer equation, estimation of grain size, Williamson Smallman formula and Williamson Hall plots. Analysis of micro strain and dislocation density in solids.

Module III (10hrs)

X-ray photon spectroscopy: theory and techniques, Computer-assisted surface analysis (CASA) and PEAKFIT41.

BASICS OF FIRST AID (2022-2023)

I. Eligibility criteria: Those students who possess higher secondary school education are eligible for admission to this course.

II. The scheme of examination: The course has duration of 1 month (30 hours) with both theory and practical components. The evaluation scheme for each course shall contain two parts (a) Internal evaluation and (b) **external evaluation by conducting examination at the end of the course.** 25% weightage shall be given to the internal evaluation and the remaining 75% to external evaluation; therefore the ratio and weight age between internal and external is 1: 3. Both internal and external evaluation shall be carried out using a direct grading system.

Internal evaluation: The internal evaluation shall be based on a predetermined transparent system involving periodic written tests, assignments, seminars and attendance. The weight age assigned to various components for internal evaluation is as follows.

No	Component	Weightage
1	Assignment	1
2	Seminar	1
3	Attendance	1
4	Test paper	2

External evaluation: The external Examination in courses is to be conducted with question papers set by external experts. The evaluation of the answer scripts shall be done by examiners based on a well-defined scheme of valuation.

Direct grading system: Direct Grading System based on a 5 - point scale is used to evaluate the performance (External and Internal Examination of students)

Letter grade	Performance	Grade point	Grade range
A	Excellent	4	3.50 to 4
B	Very good	3	2.50 to 3.49
C	Good	2	1.50 to 2.49
D	Average	1	0.50 to 1.49
E	Poor	0	0.00 to 0.49

The course is evaluated by assigning a letter grade (A, B, C, D or E) to that course by the method of direct grading. The internal (weightage =1) and external weightage =3) components of the course are separately graded and then combined to get the grade of the course after taking into account their weightage. An aggregate of C-grade (when external and internal put together) is required in the course for a pass.

III. Co-ordinator of the programme: The programme is co-ordinated by Dr. K.M Shereena, Head & Assistant Professor, Department of Zoology

PG Department of Aquaculture & Fishery microbiology

About the Department

The PG department of aquaculture and fishery microbiology is a research centre under the University of Calicut and is a pioneer in the field of fishery microbiology and aquaculture related activities. The department has conducted various undergraduate and postgraduate courses and has experienced faculty for carrying out research work on various aspects of seafood pathogens. So far thirteen Scholars have registered in this department for pursuing PhD under Calicut University. In the recent years, research on antibiotic-resistant bacteria, their multidrug resistance including MRSA, ESBL, *E.coli*, etc has been carried out by faculty members. The department has well-equipped microbiology and molecular biology labs with PCR and other facilities necessary for antibiotic sensitivity studies.

The theme of the certificate course

Academic writing has become essential for both undergraduate and post graduate programmes. The new regulations of UGC give great emphasis to publication in international journals. But the current curriculum of universities is not adequate enough to meet such demands. In addition technical writing have opened new vistas and opportunities for

aspiring graduate in corporate world. The course is designed to provide exposure to such needs.
