About the Conference

The conference is intended for researchers, scientists, academicians, and students in the interdisciplinary disciplines of physics, Chemistry, materials science, nanotechnology, and engineering, to gather and share the recent advances in functional materials and coating. These conferences provide forums for showcasing state-of-the-art research results, debating developments, exchanging expertise, and encouraging partnerships in functional materials. The conference will include keynote addresses from pioneering scientists in the concerned fields and invited lectures by experts at international and national levels.

Scope of the Conference

The conference will cover the following topics: *Materials Synthesis and Characterization, Powder Technology and Electro-ceramics, Ceramics and Glasses, Optoelectronic materials and devices, Energy Materials, Fuel Cells, Metals and Alloys, Magnetic Materials Lasers and Optoelectronics, Semiconductor Processing, Metallurgy, Photovoltaic Devices, Electrode Materials, Carbon chemistry, Graphene, Thin film technology, Nano-structures. Solid State Theory, Simulation and Computation, Organic Materials Science, Device Physics and Applications, Polymers and Composites*

Publications

All the papers accepted for presentation will be published in the conference proceedings with ISBN and the selected papers after peer reviewing will be published in the special issue of **Journal of Physical Chemistry - De Gruyter or Materials Letters(Elsevier)**.

Registration

Category	India	Foreign
Masters Students	Rs: 750 /-	75 USD
Ph.D. Scholars	Rs:1500 /-	120 USD
Faculties	Rs:2000 /-	170 USD

About Ponnani and Near By Attractions

Ponnani is situated on the shores of the Arabian Sea right in the middle of Kerala and 100 km away from the city Kochin, the Queen of the Arabian Sea.

1. Beeyam Backwaters (4.0 km)

2. Alappuzha and Kumarakam Back Waters (120 KM)

Also well-known as the 'Venice of the East' because of its network of canals and waterways, Alappuzha is a district of immense natural beauty. It is embraced by the Arabian Sea in the west and has a network of lakes, lagoons, and freshwater rivers crisscrossing it.

3. Cochin (90 KM)

Popularly known as the Queen of Arabian Sea, the city also flaunts one of the finest natural harbors of the world and was the center of the world spice trade for many centuries. Old Kochi (presently called West Kochi), loosely refers to a group of islands that comprise Willingdon Island, Fort Kochi, Mattancherry etc.

4. Munnar (225 km)

Virgin forests, savannahs, rolling hills, scenic valleys, numerous streams, huge splashy waterfalls, sprawling tea plantations and winding walkways are all part of the great holiday experience for a traveler to Munnar.

5. Wayanad (120 KM)

This area is famous for its large camping and trekking trails, breathtaking waterfalls, caves, bird-watching sites, flora, fauna, and a plethora of magnificent sights. This area has been a tourist favorite over the years.
